

## PPWR Declaration

---

The EU Packaging and Packaging Waste Regulation (PPWR) introduces extensive new requirements, which will come into force in stages. Guidelines are currently being drawn up for various areas, which will need to be taken into account in future conformity assessments.

Under the PPWR, from 12.08.2026 onwards, only packaging that meets the requirements of Articles 5 to 12 may be placed on the market. Compliance must be demonstrated by means of an EU declaration of conformity, based on technical documentation and an appropriate conformity assessment procedure.

We hereby confirm that JEAN MÜLLER complies with the requirements of the EU Packaging and Packaging Waste Regulation (PPWR) and the relevant national implementing regulations.

This declaration applies to all packaging placed on the market by JEAN MÜLLER or for which JEAN MÜLLER is deemed to be the producer and / or manufacturer within the meaning of the PPWR. It relates in particular to the following provisions of the PPWR:

1. Articles 5 to 12
2. Article 15 (5) and (6) (Labelling)
3. Article 44 (Entry in the register of producers)

JEAN MÜLLER continuously monitors regulatory developments relating to PPWR and takes account of the requirements currently in force within the specified implementation deadlines. The packaging used is regularly reviewed and adapted as necessary.

The information contained in this statement is based on the information currently available and on details provided by our suppliers. All statements are made to the best of our knowledge and belief.
